### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Daniel R. Brown on September 28, 2005.

3. The application has been amended as follows:

In the claims:

Claim 5, line 8: "derivative" has been changed to "derivative of the energy"; line 10: "digital filter" has been changed to "digital filter for reducing the output energy and bandwidth of the intermittent signal".

Claims 6 & 12, line 1: "and wherein" has been changed "wherein".

Claim 11, line 7: "derivative" has been changed to "derivative of the energy"; line 11: "for processing" has been changed to "for reducing the output energy and bandwidth of the intermittent signal".

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest, alone or in a combination, among other things, at least a method generating coefficients for reducing the output energy and bandwidth of an intermittent signal in a digital filter as a whole, the combination of elements and features, which includes equating a partial derivative of the energy as a

function of a first ramp data field variable and a first data field variable in a first truncated tail data field with respect to the first ramp data field variable to zero, solving the equality for the first ramp data field as a function of the first data field to generate a first coefficient and coupling the first coefficient to the digital filter.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edith M. Chang whose telephone number is 571-272-3041. The examiner can normally be reached on M-F.
